April 2025 Newsletter

We hope you are all well and enjoying the recent bursts of colour that the spring weather brings to our gardens, parks and flowerbeds.

As usual, there's lots going on both at PCVS and across Peterborough communities so please do take a little time to read through the newsletter and find out more. If you would like to have your organisation, activity or opportunity promoted in the next newsletter please do get in touch with us on the email shown below.

There's two local funding opportunities highlighted below - both closing on May 1st so make sure applications are in soon, as well as volunteering opportunities and information about upcoming training, especially our Essential Key Skills Workshop, which will cover lots of useful topics.

We look forward to seeing you soon!

Contact us on communities@pcvs.co.uk

PCVS NEWS

Poverty Truth Commission Celebration Event

Nothing about us, without us, is for us!

On the evening of Wednesday the 26th February 2025, a truly special event took place at the Kingsgate Community Church in Peterborough.

Community leaders, commissioners, members of the public, politicians, and anyone else interested in lived experience work (we try to keep our table big!) were invited to come together to share in the journey of Peterborough's Poverty Truth Commission so far, and to take a moment to reflect on what we'd achieved together.

It was a night full of laughter and joy at what we had built together, but also some sadness, as a celebration is also an ending.

We invited people we'd worked with to speak a bit about their experiences, how it had changed them, and what they had learned. We thank Will Plant, Michelle Dalliston, and Matt Oliver, for their contribution to our work and to the great night we had. All were an inspiration and just totally get what we've been trying to do as a PTC; it was a real honour to have them speak.

The community empowerers also had their chance to be centre stage, supporting Sara while she gave a speech about her journey as part of the commission, and what she wants to do going forwards. This was a real highlight, not just of the night, but of this whole thing.

Please click this link to the website where you can read Sara's account of her involvement on the night. [Peterborough Poverty Truth Celebrates! | PCVS](#)

We took the moment to launch the booklet we've put together that also tells our story. You can access a PDF of it here <https://www.pcvs.co.uk/app/uploads/2025/03/250219-PTC-booklet-compressed.pdf>

We were filming and taking pictures on the night with the hope of producing a highlights reel and document of our celebration that we'll share with you as soon as it is ready.

This cycle of Peterborough's Poverty Truth Commission might be over, but that doesn't mean it's the end. Hopefully we've gone some way to promoting the value of lived experience, and that decisions about people should be made with them. We have an external evaluator working with us to produce a report that will hopefully be ready by the end of March; we'll share it with you as soon as we have it.

We hope we've inspired you. If you want to include lived experience in the work you do, or would like to change how you do it, we'd love to have a chat with you about it.

If you would like to learn more about the project please click here: [Poverty in Peterborough | Peterborough City Council](#)

PCVS Welcomes the New High Sheriff

A new High Sheriff of Cambridgeshire, the Hon. Frances Stanley DL, began her Shrieval year on 24th March and we were extremely pleased that PCVS was on the visit schedule for her second day in office! The High Sheriff spent the whole day in Peterborough and we were honoured that she made the first stop to our PCVS offices at The Allia Future Business Centre.

After a fabulous introductory meeting with the staff team, the High Sheriff went

on to meet with a number of our members who spoke passionately about their organisations and the valuable work they do across the city.

We wish the High Sheriff our very best wishes for her year in office and look forward to seeing her again during her next visit to Peterborough.

FORUMS UPDATE

The Domestic Abuse Forum met on the 3rd of March. The theme of the meeting was to look at the role and purpose of the forum, particularly in the context of the decoupling of the combined authority. The uniqueness of Peterborough, what services are provided, where are the gaps and challenges and how the group can work more effectively. We agreed to revisit the current terms of reference of the forum and undertake a mapping exercise of services across the city and then discuss and agree at the next meeting. Next meeting Thursday 24 April 11am to 12:15pm, face to face.

The Health & Wellbeing Forum met on the 4th of March. The focus was around Wellbeing, weight loss, getting active etc. Dr Modha from Thistlemoor Medical Centre led a session on “Medications to Support Weight Loss”, outlined the key to weight loss was “putting the right things in and exercise”. However, there is support via medication (not prescribed by the NHS) via injections (self-administered) or tablets to achieve weight loss. A good discussion ensued around both the benefits and potential downside impacts of the medication.

This was followed by 3 very informative presentations from Living Sport, Healthy You and Vivacity around the array of services on offer and how clients could access them. Date and nature of next meeting to be confirmed.

The Disability forum met on the 13th of March. Those who attended the February Station Quarter redevelopment site visit with representatives from Peterborough City Council and the project fed back on how it went. The forum will continue to engage with the project as they move from full business case to implementation.

In addition, the group discussed potential approaches to discussing the Assisted Dying Bill,

has presentation from Jo Henderson from Kidney Research UK on their current work strands , including a Peterborough focussed project – [Peterborough takes a stand against kidney disease with new community project - Kidney Research UK](#) We heard about the challenges around Child Mental Health, in particular the long delays in accessing counselling services and during the course of the meeting news broke about the the decision to abolish the NHS. Next meeting 7 May 2025 11am - 1pm - online

All Forum Members met on the 19th March, online. This was a session hosted by PCVS on behalf of PCC and Public Health colleagues, to provide the opportunity to explain an outline of their project to forum members. Esther Baffa-Isaacs and Kathy Hartley took the group through the attached presentation, explaining the objectives of the project, referencing some high-level data insight from the Joseph Rowntree Foundation and the Marmot Review.

For the majority of the session, the group looked at the components of the mapping exercise, where members were able to share both personal experiences and experiences from their organisations and provide examples of the types of data and insight they would be able to share with the project to help them develop an evidence-based strategy.

There is an opportunity to join a working group to help shape and influence this vital piece of work. If you would like to be involved in the working group or perhaps have a one to one with the project to input your thoughts, data, experiences etc. Please contact: esther.baffa-isaacs@peterborough.gov.uk

If you would like to learn more about the project please click here: [Poverty in Peterborough | Peterborough City Council](#)

Training Opportunities

Members Training Opportunities

Discover Exciting Training Opportunities – Don't Miss Out!

Our training events are off to a fantastic start, and there's so much more to come throughout the year! Whether you're looking to develop new skills, connect with like-minded people, or support local organisations, there's

something for everyone. New opportunities are added regularly, so be sure to check our website to stay up to date. These sessions aren't just about learning—they're a great chance to network, share experiences, and make a real impact in the community. Click the link below and explore what's on offer—you might just find the perfect opportunity for you!

Check out the calendar here [Training and Infrastructure Support | PCVS](#)

The poster for the PCVS Essential Key Skills Workshop features a dark blue background with yellow and orange accents. The PCVS logo is in the top left, with the tagline 'making lives better!'. The event date and time, 'Tuesday 22nd April 10:00 - 14:00', are in the top right. The main title 'Essential Key Skills Workshop' is in large white font, followed by the subtitle 'How to protect, promote and provide for your organisation, now and into the future.' Below this, a white box contains the heading 'Topics to Include:' and a list of six topics with checkmarks. A QR code is on the left, and a globe icon is next to the 'How To Apply?' section. Two circular images show people in a meeting and a group of hands stacked together. The location 'Allia Future Business Centre Peterborough, PE2 8AN' is at the bottom.

The 5-Day Non-Profit Challenge & Giveaway

Take Control of Your Nonprofit's Finances: Build, Strengthen and Stay Compliant

Many small charities and non-profits face financial challenges that can limit their impact. From relying on inefficient, manual financial systems that make financial management difficult, to struggling with diversified funding sources and not knowing what alternative income streams to tap into, these challenges can be overwhelming. Many small non-profits also find it difficult to build a budget that aligns with grant proposals and requirements, while trustees and management may not fully understand their financial responsibilities and legal obligations. On top of that, weak internal controls can leave charities vulnerable to fraud and poor cash flow management, putting their mission at risk.

This year marks 25 years of experience in the charity finance sector for Aishat Idris, and to celebrate, we have created this exclusive challenge to help charities like yours gain financial clarity, confidence, and control. Designed specifically to help small charities and non-profits take control of their funding, finances, and reporting, guided by 25 years of hands-on experience in charity finance.

The **5-Day Nonprofit Finance Challenge & Giveaway** is designed to strengthen the financial foundations of small charities and community organisations.

It is free, online and each day offers actionable insights, practical activities, and valuable resources, including templates and guides, all crafted from 25 years of experience in charity finance.

To register for this fantastic opportunity please follow this link

VOLUNTEERING OPPORTUNITIES

As always there are many incredible volunteering opportunities across Peterborough and Cambridgeshire, and this month the spotlight is on Nene Park Trust, so please see below details of how you can get involved.

At Nene Park Trust there are many ways you can volunteer to help us provide a permanent haven for heritage and wildlife and provide facilities for recreation, education and leisure.

Nene Park Trust volunteers make a huge difference both out and about in the park and also behind the scenes in all elements of our charity objectives.

Why volunteer with us?

Volunteering is a great way of meeting new people, gaining skills and creating meaningful connections whilst giving back to the community, improving well-being and sense of belonging.

Volunteering can also help towards achieving future employment goals.

If you choose to support us by volunteering your time, energy and skills, Nene Park Trust will:

- Provide you with a full induction
- Provide you with a volunteer supervisor to support and guide you within your role
- Provide a welcoming, safe and supportive volunteer environment
- Match your skills and experience to the right roles and tasks
- Listen and respond to your feedback
- Provide you with a uniform and required PPE for the role
- Give you free parking and 10% discount in our shop and cafes

There are a number of opportunities for volunteering at Nene Park - have a browse to see what role most interests you.

You can click on any Provider Profile on the volunteering section of our website to find out a bit more about our Volunteer Supervisors and the roles that they

supervise: <https://neneparktrust.teamkinetic.co.uk/volunteers/search>

Become a Volunteer Breastfeeding Peer Supporter

Are you a mother who would like to offer support to families in the Cambridge area?

We are looking for volunteers to train to support Cambridge area parents with feeding their babies. As a Breastfeeding Peer Supporter, you will have the chance to learn new skills and make a real difference to local families.

We offer feeding support and a warm welcome to all parents at our Friday 12pm Baby Cafe in Cottenham CB24 8RX

We offer 20 hours of free training with full Open College Network accreditation upon completion
We ask for lived breastfeeding experience & around 3 hours of volunteering per month once trained.
Interested? Please complete an application form, scan the QR code or email Branch.Cambridge@nct.org.uk for further information!

a.r.u. | **Anglia Ruskin University**

My name is Dr Melanie Boyce, a researcher from Anglia Ruskin University, undertaking research with Andréa Grosbois, Assistant Director of Community &

Strategic Partnerships at NHS Cambridgeshire and Peterborough, to find ways to strengthen the formal volunteering landscape in Cambridgeshire and Peterborough.

If you are currently a volunteer in Peterborough, we would very much like to hear your views on this matter by asking you to take part in a short survey.

What is the purpose of the study?

Volunteers play a crucial role in our health and social care system but since Covid-19 we have seen a steady decline in volunteer numbers. The focus of this study is to identify the barriers towards volunteering and identify ways to strengthen the volunteering landscape in Cambridgeshire and Peterborough.

If you would like to find out more and complete the survey

<https://app.onlinesurveys.jisc.ac.uk/s/angliaruskin/strengthening-the-volunteer-landscape-in-cambridgeshire-peter-3>

FUNDING OPPORTUNITIES

**Cambridgeshire
Community
Foundation**

Cambridgeshire & Peterborough Combined Authority is funding this programme as part of the learning and skills offer for adult residents of Cambridgeshire and Peterborough. The programme seeks to provide initial support for people experiencing disadvantage to enable them to go on to take up other learning opportunities (including lifelong learning and existing adult education provision), apply for employment or a volunteer role, or make positive steps towards these aspirations.

The deadline for submission of applications is **01 May 2025**. Outcomes will be shared in late July and projects may deliver learning activities from September 2025 to April 2026.

Fund criteria

Read the [Fund Guidance](#) for more detailed tips

Who can apply?

Local voluntary and community sector organisations which meet CCF requirements. Organisations which are already in receipt of funding from the Adult Education Budget are **not eligible**.

Who can benefit?

Project participants must be aged 19 years or over and be living in Cambridgeshire (this includes Peterborough) with an eligible residency status.

How much?

Applicants may apply for funding between £5,000 to £25,000. We are looking for a broad selection of projects and would encourage smaller bids as well as larger. Larger applications will be paid in two instalments: see [detailed guidance](#).

Where?

Projects working in the most deprived wards across Cambridgeshire, as well as those engaging with people who experience most disadvantage in terms of their ability to access learning and training.

How long?

Applicants will have up to eight months from September 2025 to the end of April 2026 to deliver activities with participants.

What activities can we apply for?

Eligible project activity could range from bespoke group training courses which respond to identified local needs, to engagement activities or creative skills sessions to encourage people facing isolation or other barriers, or 121 mentoring/onward signposting to other opportunities. See guidance for expectations and reporting requirements.

NB The programme **cannot support** projects which are **only** delivering ESOL or other adult learning courses that can already be accessed free for eligible residents, such as functional skills qualifications.

The exciting new [Investing in Community Health Fund](#) in partnership with [North West Anglia NHS Foundation Trust](#) that will award £650,000 to transform healthcare across Huntingdonshire, Fenland and Peterborough has been launched.

The fund aims to tackle pressing health challenges through targeted support to local non-profit organisations. £50,000 will be equally distributed to organisations in each of the region's 13 Integrated Neighbourhoods, ensuring that resources reach communities. This localised approach will enable organisations to address specific health needs within their communities while building sustainable capacity for the future.

The fund will focus on three strategic priorities:

- Improving healthy lifestyles
- Reducing frailty and social isolation

- Reducing obesity and educating communities about healthy eating

Full information on the geographical criteria (including the 13 Integrated Neighbourhoods), general fund criteria, and guidance on evaluation and measuring impact can be found [here](#).

The application deadline is 1 May 2025oods), general fund criteria, and guidance on evaluation and measuring impact can be found .

The application deadline is 1 May 2025.

Reasonable Adjustments Community Projects

Peterborough Presents (PP) are looking to partner up with 3 - 4 local community groups or creatives who identify as Deaf, disabled or neurodivergent on **accessible, creative activities**. This can be craft, performance, film etc. **You can apply for up to £1,000** and PP staff support to run activities from June – October 2025. Activities should be about marking 30-years of the Disability Discrimination Act and / or giving a greater voice to the DDN community. If you want to find out more, visit www.peterboroughpresents.org/opportunities . So, get those creative cogs turning and let's make some great things happen! **Deadline for proposals is 20th April.**

The Big Sleep Out

On Friday 14th March 2025 our very own Fran took part in the 'Big Sleep Out' to raise funds for the Light Project that help to support the homeless. To highlight just how important their work is please see the below statistics and then read about Fran's experience.

Statistics on homelessness

1. Average life expectancy of men and women who experience homelessness (according to Crisis) men =47, women = 43
2. Rate of homelessness in east of England (from Shelter) 1 in 265 people
3. 743 people visited Light Project's Garden House seeking support between April 2024 and February 2025.
4. Shelter's research says there are 354,000 people homeless in England (December 2024)
5. Gov.uk estimated there were 3.631 people sleeping rough on a single night in England in September 2024

Fran's Experience

I arrived at 6.30pm for registration and received a mug and a teddy and found my allocated spot on a piece of cardboard under the family stand at Peterborough United. Some people had chosen to try sleeping rough outside and there were extra sheets of cardboard to make makeshift tents for them. The family stand soon filled and we all had a soup kitchen style evening meal (soup, bread, a pot noodle and a hot drink).

Around the walls were displays and stories about people the Light Project has helped which I read. A two piece band came to serenade us and words of support came from MP Sam Carling and chairman of the Posh Foundation, then came the quiz with prizes but I was one answer short of winning anything!

Lights off at 10pm. I had a camping roll to sleep on top of my cardboard, a fleece sleeping bag inside my camping bag, thermal layers and a hat. I was quite snuggly! I slept until about 2.30am when the snoring started and didn't sleep much after that although I had a book to listen to with headphones and spare earplugs.

During the night the temperature dropped to 1 degree C and when it started to rain the outside sleepers came inside. By 6.30am everyone had packed up, had a coffee and snack bar and departed. I learned how hard it would be to do this every night, and what would I do without a place to charge up my phone and battery pack and hand warmer?

I raised about £300 which all goes to the Light Project in Peterborough. A big thank you to all my sponsors.

And below see what a huge difference the Light Project are making highlighting how important their work is, figures from 2023-24 annual review.

1. 415 people moved off the streets
2. Provides a homeless health hub and 887 Nurse and GP appointments were provided
3. 5960 hours of volunteering were given
4. Street chaplains are still a big part of the project and 1,298 hours of support were given by street chaplains
5. 13,879 visits were made to the Garden House, supporting 820 people.

ICB response to NHS announcement

Dear Colleagues,

I wanted to write to you following the announcement of the government's intention to abolish NHS England, the requirement for ICBs to cut their running costs by 50%, and the need for Trusts to cut their corporate services spend during the next finance year.

Whilst we are awaiting further information around the detail of the announcements, I wanted to reassure you that we remain committed to delivering quality services for our local people and communities. It's now more important than ever that we continue to work as one system and remained focussed on our planning for 25/26. We will, of course, continue to engage with you as the implications of these changes become clearer.

I would ask you to understand that this will be a very difficult time for many of our team and it is important that we are mindful of this and continue to be kind to each other.

Thank you in advance for your continued commitment to partnership working, your focus on the health of our local people, and your patience during this time of change.

Best wishes,

John

John O'Brien

Chair

NHS Cambridgeshire and Peterborough, Integrated Care Board

Modern Slavery

As part of our commitment to raising awareness and promoting safety and wellbeing in our community, we're sharing important information on a topic that too often goes unnoticed — modern slavery. Whether in the workplace, local businesses, or even within neighbourhoods, it's closer than many of us realise.

Modern slavery is a serious crime that continues to affect millions of people around the world — including right here in the UK. It takes many forms, from forced labour and human trafficking to domestic servitude and debt bondage. Victims can be men, women, or children, often hidden in plain sight, working in industries such as construction, agriculture, hospitality, and even local car washes and nail bars.

The latest global figures reveal that an estimated 49.6 million people are currently living in modern slavery, with forced labour cases on the rise. Migrant workers are especially at

risk, and many victims are coerced, tricked, or threatened into situations they cannot escape.

Recognising the signs of modern slavery is crucial. These can include restricted movement, fearfulness, poor living conditions, and a lack of control over personal documents or finances. It's important to trust your instincts — if something doesn't feel right, it probably isn't.

Under UK law, victims are protected, and employers have a responsibility to be vigilant and proactive. If you suspect someone may be a victim — or if you are concerned about yourself or a colleague — help is available through a range of confidential services.

MPs reject peers' attempt to exempt small charities from NICs rise

MPs have voted to reject amendments tabled in the House of Lords which would have exempted small charities from upcoming the rise in employer national insurance contributions (NICs).

Peers had previously voted in favour of exempting charities with an annual income of less than £1m from the upcoming NICs increase. However, MPs rejected the proposed amendments when the NICs bill returned to the House of Commons for its final stage before royal assent.

MPs' reasons for rejecting proposals to exempt small charities were: "Because the

Lords amendment interferes with the public revenue, and the Commons do not offer any further reason, trusting that this reason may be deemed sufficient.”
